

## Other Graphic Services

From websites to brochures, illustrations to copywriting and marketing to personal artworks, Graphics to You can provide a complete, reliable service, whilst visiting you at your place of business.

Based in Kent and East Anglia, we pride ourselves on our excellent working relationship with our clients. We save you valuable time by visiting you at your own premises in order to discuss your individual projects, at a time that suits you.

Competitively priced and easily accessible, Graphics to You will work with you, creating a tailor-made service for your business or organisation, large or small. Commencing with an initial consultation, continuing with update visits until completion to your satisfaction, we work with you to create your chosen brief to a high standard.

### Community Projects

Over the years we have worked on a number of community projects. We offer a discount on the design prices shown if you represent a community project or local charity.

Kind Regards,

## About Us Graphics to You

From websites to brochures, illustrations to copy-writing and marketing to personal artworks, Graphics to You can provide a complete, reliable service, whilst visiting you at your place of business.

Based in Kent and East Anglia, we pride ourselves on our excellent working relationship with our clients.

### Web Design Packages include:

#### INDIVIDUAL WEBSITE DESIGN

We design a site specifically for you. We do not simply offer a standard design, but work directly with your company to create an individual website.

#### LOGO OR CARD DESIGN

A logo design (or conversion) for your site is included as standard in all our packages.

#### DOMAIN NAME REGISTRATION

With our budget, starter or business packages we include one free www.yourname.co.uk domain name. If your preferred name is not available we can advise on suitable alternatives.

#### WEB HOSTING

As part of your web design package, you'll also get one year's web hosting (if you already have a website, you can still host it with us).

#### WEB MAINTENANCE

All packages include basic maintenance to ensure your site continues to function correctly. We will also undertake minor changes to the initial page text and images for no extra cost.

With website statistics and visitor tracking provided, you can see who visits your site, the pages they viewed and the length of their stay.

## What's that?

The **Domain Name** serves as the "phone book" for the Internet by translating human-friendly computer host names into computer addresses.

**Web Hosts** are companies that provide space on a server they own or lease for use by their clients as well as providing Internet connectivity.

### Graphics to You - Logos

When comparing web design costs with other suppliers, some will charge extra to design a company or product logo for your site.

Free logo design comes as standard with all of our web design packages.

## SITE CONTENT

Our Scalable websites (Starter and Business) can be directly updated by customers or by us. The website editor allows you to adjust most elements of your site quickly and easily.

\* On our Standard (fixed) websites, you can add / update some of the site content with the addition of CMS sections on the web page.
